

AACT

American Academy
of Clinical Toxicology

2020 - 2023 Strategic Plan

Mission: To champion the advancement of treatment, research, education and prevention of poisoning injury caused by chemicals, drugs and toxins.

Vision: To be the leader in clinical toxicology

Core Values: (1) scientific excellence, (2) collaboration, (3) multidisciplinary, (4) diversity; inclusion; equity and justice, (5) global, (6) mentorship

GOALS

1

Unite our members to optimize patient care.

Strategic Objectives:

- Engage and foster relationships with members
- Establish a member communications strategy
- Elevate the status and recognition of AACT Fellows

2

Educate clinicians in clinical toxicology.

Strategic Objectives:

- Establish NACCT as the premier and most diverse gathering of toxicologists in North America
- Provide members support for board exams
- Develop an education and training strategy

3

Foster innovative research.

Strategic Objectives:

- Expand research awards programs
- Establish mentoring, training and networking opportunities for researchers

4

Acquire the necessary resources, infrastructure and members to ensure the long-term financial sustainability of the Academy.

Strategic Objectives:

- Be financially sustainable
- Establish Board responsibilities and best practices to promote good governance
- Explore efficiencies in both technology and processes
